Comments of Barry E. Butz, N8PPF

Gentlemen:

I completely support the proposed changes, as written in the NPRM.

For too long, the Morse testing requirement has been an obstacle to prospective licensees whose other talents and qualifications would be great assets to the Amateur Radio Service. It is time to eliminate the telegraphy requirement from all classes of license.

Please act as quickly as possible on this matter.

Respectfully,

/s/ Barry E. Butz, N8PPF
